Ink About IT

INK ABOUT IT

COLORE PALETTES

DESCRIPTION
Ink About IT is an inkjet-based printing shop that provides fast, clean, and accurate printing services for students, offices, and small businesses. The company focuses on producing high-quality prints for documents, photos, posters, and basic marketing materials using modern inkjet technology.

LOGO MEANING
Ink elements symbolize printing and design, while IT-related shapes or icons represent digital tools and modern systems. The overall design shows precision, clarity, and innovation, which reflect the company's commitment to quality and technology-based printing.

COLORE PALETTES

Verbose (Media)

DESCRIPTION:
Verbose is a Philippine media outlet company focused on delivering clear, detailed, and meaningful information to the public. The company produces written, audio, and visual content such as news articles, opinion pieces, interviews, and digital media posts for online platforms.

LOGO MEANING:
Elements such as speech bubbles, sound waves, text lines, or a microphone symbolize the flow of information and media voice. The overall design reflects clarity, openness, and credibility, which show the company's role in responsible media communication.

ByteBye Virus

BYTEBYE VIRUS

COLORE PALETTES

DESCRIPTION
ByteBye Virus is an antivirus service company that provides protection against malware, viruses, and other cyber threats. It offers software solutions for personal computers, mobile devices, and small businesses to keep digital systems secure and efficient.

LOGO MEANING
ByteBye Virus represents security, protection, and technology. Elements such as shields, digital locks, pixels, or computer icons symbolize defense against cyber threats. The design conveys trust, reliability, and a tech-savvy approach, showing the company's commitment to keeping users safe in the digital world.
